GOWTHAM R

+91 6369548380   gowtham1008r@gmail.com   Coimbatore

PROFESSIONAL SUMMARY

An innovative individual with proven success evaluating requirements for software development projects to design creative solutions. Out-of-the-box thinker and problem solver dedicated to improving performance. Works well in teams and consistently delivers to deadlines.Committed to delivering high-quality solutions that optimize performance and support data-driven decision-making.

TECHNICAL SKILLS

Frontend: HTML5, CSS, Tailwind CSS, Bootstrap, Javascript , React.js, Nodet.js, Redux, Axios , Fetch, Responsive Web Design, Browser Developer Tools

Backend: RESTful APIs

Database: MySQL, Firebase

Programming: Javascript, Python, SQL

Tools & Platforms: Git, GitHub, Figma ,Excel ,Google Colab ,PowerBI ,Tableau

Agile Methodologies: Enterprise Design Thinking

EDUCATION

Hindustan College of Engineering and Technology Coimbatore   2022 - 2026
Bachelor of Engineering CSE

WORK EXPERIENCE

PROJECT TRAINEE-FULLSTACK DEVELOPER   October2024-May2025
KS GLOBALS

Assisted in the development and testing of improving [WEB DEVELOPMENT].

Collaborated with senior team members to analyze data, troubleshoot issues, and implement solutions.

Gained hands-on experience in [HTML,CSS,JS,REACTJS,STRAPI,FIREBASE,EXCEL/VS CODE,REDUX,CANVA,GITHUB] and contributed to project documentation.

CAMPUS EXECUTIVE   June2023-June2024
KANALABS

Organized 3 promotional events on campus, which attracted over 500 attendees

Engage students involved in event organizations.

Encouraged student involvement in extracurricular activities through public speaking engagements.

PROJECT

Passenger Safety At Bus Stop: Utilizing web development to create a real-time bus tracking system that ensures precise bus alignment at designated stops. Integrate GPS-based monitoring and visual alerts to assist drivers in halting accurately and safely. This solution enhances passenger boarding safety and streamlines stop management.

blood Donation: Developed a Blood Donation Website to connect donors with recipients and streamline the process of blood requests and registrations.The platform features donor registration, blood bank listings, and real-time availability updates.It includes location-based search and emergency request alerts for faster response during critical situations.

AI Powered complaint management for Railways: Implementing AI-powered complaint management for railways revolutionizes how passenger issues are handled by enabling real-time tracking and automated response systems.

ANGO AI: It help us used to convert text input by the user to image Project was developed using python and hugging face

INTERNSHIP PROJECT:

To develop the webpage of job requirement portal using html, css, bootsrap, php and run the program in apache and mysql engine using xampp software

To develop the webpage of used car portal using html, css, bootsrap, php and run the program in apache and mysql engine using xampp software

To develop the webpage of online cosmetic shop using html, css, bootsrap, php and run the program in apache and mysql engine using xampp software

ACHIVEMENTS

SMART INDIA HACKATHON

Participated in the development of a Railway Management System aimed at improving scheduling, passenger experience, and operational efficiency.

HACAKATHON - MSME-4.0

Participated in the development of a Railway Management System website aimed at improving passenger experience and operational efficiency..

HACAKATHON - UYIR

finalist at Uyir Hackathon 2024 – Reached the finals among the top-performing teams by developing an innovative tech solution focused on enhancing passenger safety at bus stops

AINCAT 2025

India's largest career aptitude test by Naukri Campus, among 4.6 lakh+ participants, and secured an All India Rank of (26085)

CERTIFICATIONS

Internship certificate from Accent techno soft- full stack development

Advanced software virtual job-walmart

Data anlaytics virtual job -Accenture

Diploma of uipath automation

Ict academy learnathon-2022

Ai fundamental accenture- Nasscom

Career essentials in business analysis by microsoft and linkedin
